

# PVIS1800

## POWER INVERTER KIT

**PKMM's PVIS800 Power Inverter System offers a variety of benefits:**

- Superior quality true sine wave output
- Stand-alone ability
- Ideally suited for systems with a quality multistage battery charger
- Designed for recreational and industrial applications
- 120-volt, 60 Hz AC output handles heavy duty and smaller, multiple AC loads
- Units include a backlit LCD display panel, which can be mounted remotely.

DC Power Supply  
Studs are on the  
Back

Power Switch and  
AC Outlets are on  
the Front

Hard Case, Power  
Cable, and Remote  
LCD  
Display Included

THE PVIS1800 was designed for recreational and industrial applications.

Expect the best performances from televisions, audio systems, speed tools, and any other electronics where you want nothing but the most optimal performance.

### Options:

- Available in 12 and 24 volt models
- Models available with GFCI AC outlet or AC hardwire terminal strip for permanent installation into an electrical system (optional 15 A transfer switch available with hardwire option)
- Remote interface kit for remote mounting of display module
